

TJBA Wall of Remembrance

The TJBA family has lost many important people since the last time we were together at the 2020 State Show in Bryan. Many Brahman breeders, family members, friends, teachers, mentors, and just plain special people to us have passed on during the last year. This summer we will be honoring those we have lost in two ways. First, all names that are submitted back to TJBA before the May 15 entry deadline will be listed on a special page inside the official Show Program. And at the State Show in June, we will have a large sign on which TJBA exhibitors and family members can write these names, which will be displayed in honor of those who are heroes to us. If you have a name to submit, please return this form with your entries.

Names to Be Included in TJBA Show Program "Page of Remembrance"
